

Hello folks

Thank you to everyone who has been in contact. We have had a great response of people offering to help those in need, we have had an uptake in people using the new GiveWay tool (anonymous on-line giving), and we have had lots of feedback and conversation as well.

We have a group of people ringing others in the church to check in on how individuals and families are travelling. We have some supplies, and offers of lots more, so if you are struggling to get to the shops or need help picking up goods, like medicine, please let us know as there is a team of people on standby for this purpose.

We have had a few people let us know that they have trouble getting onto the website, YouTube channel or GiveWay portal. They are all working but it would appear that the internet, and particularly local connections, are struggling a little at times. If you have trouble please persevere. Here is also a link to a helpful article on this subject recently published by James Kang (member of our 9:30 congregation). <https://theconversation.com/how-to-boost-your-internet-speed-when-everyone-is-working-from-home-135313>

Great news. The search for a youth pastor has been continuing despite the circumstances and is looking really positive. We will also be sending out some information to the members in light of not being able to meet in May as planned. Watch your emails for news over the next couple of weeks.

Please stay safe and look for ways you can support and help others. Don't forget to tune in (link below) for another great message from Aaron this Sunday as we begin looking at the Psalms.

Warm Regards

Steve
