

News

Last Sunday the 8:00am service was at capacity for COVID restrictions. We again encourage those who usually attend the 8:00am service to consider coming to the 9:30am service. When we reach capacity any excess people will be required to be seated outside.

Mandatory Contact Registers

From this Saturday new government regulations require mandatory contact registration for churches. There will be QR codes available to scan at the Hall and Auditorium if you download the SafeWA app. See the information box to the right. There will also be paper based contact registers where you can sign-in should you not have the app.

This Sunday 6 December

We start our Christmas series this Sunday at the morning services from Isaiah 7:14 with the theme "Immanuel."

Pray for College principal process and staff as the school year winds up.

CAP

CAP News!

Big celebrations as one of our CAP Families became debt free this week.

A massive congratulations to them as I know how hard they worked to become debt free and at times it was really hard when life threw some curve balls but God was working away in the situation and they are now debt free!
Ginny, Debt Centre Manager

Help with Cleaning!

To continue gathering for church services under Phase 4 COVID restrictions, we have cleaning requirements. If you can assist:
